

FORM

SUBCONTRACT OPERATOR COMPETENCY ATTESTATION & DECLARATION

1 Project/Site: Purpose

- 1.1 This information is aligned with the requirements of the Fletcher Construction (FC) Subcontractor Agreement and is designed to provide a guideline for capturing competence of the subcontractor's equipment operators engaged to work on a FC site.

2 Process

- 2.1 All operators will be identified at site induction and the information on this form must be available prior to the operator commencing work.
- 2.2 All operators will be given the opportunity to read and understand the FC Operator Guidelines and company safety procedures with a nominated company representative prior to commencing work on site. All operators will be required to sign acknowledging receipt and understanding of the company requirements.
