

MCKENZIE ROAD RECONSTRUCTION UPCOMING ROAD DETOURS

23 February 2017

Higgins Contractors Limited, on behalf of Auckland Transport, will be undertaking a series of road works on McKenzie Road between Bader Drive and Walmsley Road, including at the Bader Drive intersection.

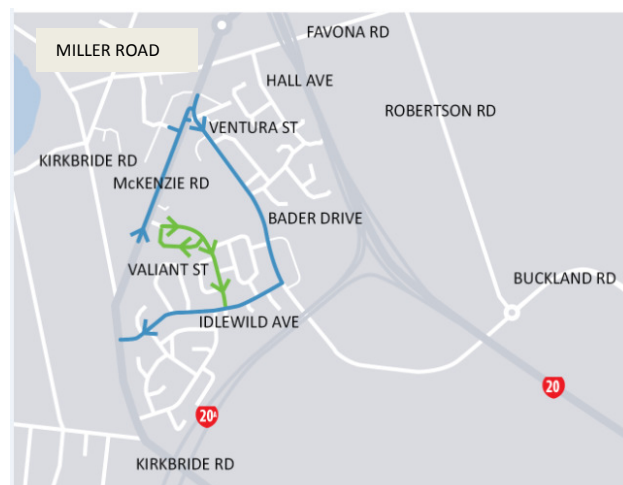

When:	Works commence from Monday 6 th March to Friday, 12 th May 2017
Times:	7:00am to 7:00pm
What:	Kerb and Channel, Footpath and Pavement Works

To undertake this work safely, a **one-way detour** will be in place for each stage of work. Due to an existing detour in place for the work at SH20 and Kirkbride Road, northbound traffic travelling along McKenzie Road will be maintained, whilst traffic wanting to travel southbound on McKenzie Road from Miller Road / Walmsley Road will need to follow the detour signage in place.

Stage 1 & Stage 2 – Northbound traffic remains unaffected while work is undertaken. Southbound traffic will need to follow detour routes to return to McKenzie Road

Stage 3 & Stage 4 – Northbound traffic remains unaffected while work is undertaken. Traffic at Bader Drive will be restricted to turn right only on the McKenzie Road

Stage 5 & Stage 6 – Northbound traffic remains unaffected while work is undertaken. Bader Drive intersection will be closed to traffic travelling along Bader Drive to McKenzie Road

- Take care while travelling through the work zone as the temporary road layout will change per each stage of work
- Please plan ahead for travel in the area or to nearby businesses / Auckland Airport, following the detour signage and speed restrictions in place
- For current travel times to and from the airport, visit www.drivelive.nz/AKL
- Work is weather dependant, in the event of inclement weather or other events, work will be rescheduled to the next available shift
